Industries  
500 South Walnut  
Mora MN 55051

RE: Letter of Recommendation

Industries have been providing janitorial services for the Postal Service for several years. They are always on time and do a very good job. The clients are well trained and they are supervised during the cleaning process. They provide cleaning of the bathrooms, sweeping, moping, empty garbage, dusting, windows, lawn mowing, and outside work. They are recommended by the Postal Service to provide janitorial services. There have been no issues with Industries as long as they have been providing us service. If you have any questions regarding this recommendation you can call 320-679-3581.

Sincerely

A handwritten signature in cursive script that reads "Christine Thompson".
